MINERS' CARBIDE LAMPS

Here is a lamp which overcomes everything ever considered a weakness or a fault in Carbide mine lamps. This lamp requires no attention, once its lighted. The flame will burn as steadily as a jet of city gas. Agitating or jarring will not effect the size of the flame, even a tumble will not cause sudden increase in pressure and resultant increase in size of the flame. We are also in position to furnish carbide in any quantity desired. As we are State Distributors of this famous lamp we are in position to make very attractive prices.
